Submitting New Business

SNL Provides Three Methods to Submit Applications:

1. Website Upload (Preferred)

This is the preferred method. You need to scan and save the application with any applicable documents to your computer. Next, log into our agent portal via **www.SNLFinalExpense.com** then the Agent Login button. Once you have logged into the portal, click on **New Business** then **Upload**.

You should click on **New Business Only** then click **Choose File** and go to the file you saved on your computer. Double click your file name. You may duplicate the file name as many times as needed to upload all documents (total of 15 megabyte limit on total submission). Lastly, click **Submit to Underwriters** and you will receive a message in red stating Uploaded Successfully. You will also receive an email saying it was received successfully. Once you have received the email, we will have your file in the office. The acceptable file types are png, jpg / jpeg, bmp, tif / tiff, pdf. (If you have problems logging into our agent portal please call our Marketing Department at 1(855) SNL-4SNL. Then press 4.)

- If you submit via UPS or FedEx, it is guaranteed to be ENTERED, but not necessarily issued.
- If it is submitted via express mail or priority mail through USPS, it is not guaranteed to be entered that day. It will depend on when it gets to the department.
- If you submit the application through secure online upload it is not necessary to mail in the originals. You may keep these for your records. If you are mailing in money and originals, please do not upload the business as well. There is a chance things will be duplicated.

General Underwriting Guidelines

General Underwriting Guidelines

1. Only the proposed insured may sign on the Proposed Insured signature line. No one else may sign the proposed insured's name. The proposed insured must be able to sign their own name. Insurance on those who cannot read or write and their signature is a "X" or if the signature is just initials, must be witnessed by another person of legal age other than the agent. If they sign with a "X" or initials, we will also need a copy of a picture id with their initials to be provided at the time of application. All application sections must be completed correctly, signed and dated by the agent (agent number must be written on application), proposed insured and the owner (if different than the applicant). Agent must meet in person with each person who signs and witness the signatures.
2. If the insured is a minor, we must have the parent or legal guardian sign for them. If there is a guardian, we will need a copy of the guardianship papers.
3. If the beneficiary is the estate or trust, they must have an estate or trust set up and we need copies of the estate or trust papers.
4. We need the payor's full address and signature. If the insured has a representative payee, paperwork is required.
5. Applications must be dated the day the application is completed and signed by the proposed insured. All applications are void 30 days after the written (signed) date; applications must be received by the home office before the 30-day deadline. If they are received after the deadline, they will be returned and the agent will need to re-meet and resign a new application.
6. Cash with application (CWA) must be submitted by the proposed insured/owner. Acceptable forms of payment are: EFT with completed information, personal check, credit or debit card (Visa, Master Card, American Express or Discover), or money order. Cash is not acceptable and a check from the agent is not acceptable unless the agent check is for their own personal policy. When a credit/debit card is used for CWA the direct bill premium rate applies. We require a premium with applications OR completed EFT/CC information to draft the first premium within 30 days of the application date. We will run the bank account information through our Toolbox, if this comes back with "deny" or "insufficient information" we will require a voided check or a bank statement. If premium is being paid with a money order, payment must be mailed into the office.
7. A premium will be drafted on the same date each month. The acceptable draft dates are the 1st through the 28th of the month. They may also choose a specific day of the week for billing (for example the 3rd Wednesday.) If a specific draft date is not specified, SNL will draft immediately upon the approval of the application and the application date will be the future draft date each month. Initial draft date must be within 30 days of the application date.
8. If the CWA is returned to us as non-sufficient funds (NSF) we will contact the agent to verify account information or collect different information to allow one additional attempt in collecting the CWA. The agent has 48 hours to provide us this information. We will cancel the policy as "rescinded" if we don't hear from the agent.
9. Split commissions between agents are acceptable. Both agents need to sign the application, put their agent number and the percentage of the commission payable to each agent.

Medical Underwriting Guidelines

Medical Underwriting Guidelines

1. All medical questions on the application must be asked of the proposed insured and the complete information written on the application. Depending on how the medical questions are answered will determine which coverage will be issued. By following the application guidelines in the medical sections of the application, the agent will be able to determine which plan to offer the proposed insured.
2. Medication for medical conditions means the applicant is being treated for that medical condition, which means that medical questions for that condition must be marked "yes". Refer to the Medical Guidelines section for additional information, or call the Underwriting Department with your questions.
3. A full and complete list of medications the insured is being prescribed is required at the time of application. This list must include the name of the medication, ailment it is treating, dosage amount and the duration the medication has been prescribed. This is required even if all medical questions are answered as no. If this information is not provided at the time of application, it could cause delays in processing the application.
4. All insured applications require Rx search as part of the underwriting process. We need the applicants SSN and signature on the application to complete this process. If this information is not on the application, the application will be held for 30 days (from the application date) to allow the agent to get the necessary information. If the requirements are not met within this time, the application will be canceled.
5. Applications that require an Rx search will be issued/rated/declined upon underwriting review. If rated/declined the agent and regional manager will be notified via email.
6. Applicant's that are incarcerated in any type of facility cannot be issued on any type of plan. Do not submit an application.
7. Any phone verification calls or underwriting clarification calls will be made by the new business department directly to the applicant.

More Helpful Underwriting Guidelines

1. These are helpful GUIDELINES for your assessment of the medical history on an application. Keep in mind that you actually visit with the insured, see them face to face and have an advantage over the Home Office. We rely on you for "field underwriting".
2. Please remember that not all medical conditions are listed. If the condition was serious enough to seek medical attention and medications were given in aid of this condition, they may not qualify for the fully insured plan. Exceptions are minor acute conditions such as colds, flu, allergies, and other minor conditions from which the applicant has fully recovered. As individual situations vary, so do underwriting decisions. Make certain that all of the medical questions are asked and fully answered, as the application becomes a part of any policy issued.
3. If the primary insured has seen a doctor and they are currently running tests or are awaiting further news from the doctor this policy is to not be written. We need to postpone until either the doctor has given a clean bill of health or a diagnosis has been made.
